

Management System Policy Statement

Drawn Metal Group Companies are dedicated to providing our customers with the best possible product and service, whilst endeavouring to avoid harm to the environment, our employees, visitors and all others who may be affected directly or indirectly by our activities.

Our uncompromising commitment to continual improvement is demonstrated through the implementation of our Management Systems, achievement of Accreditations ISO 14001:2004, ISO 9001: 2008 and compliance with BS OHSAS 18001: 2007.

In particular we shall:

- establish and maintain an Integrated Management System (IMS)
- ensure compliance with existing and future quality, environmental, social accountability, and H&S legislation and any other initiatives to which the company subscribes or requirements by which it abides
- liaise with all relevant external bodies and work with internal staff to improve our quality, environmental, social accountability, and health and safety performance, prevent accidents and cases of work related ill health and maintain safe and salubrious working conditions
- identify and reduce significant environmental effects, health and safety risks and pollution, which may arise from our processes, operations, working practices and business activities
- provide and maintain safe plant, premises and equipment
- minimise waste and re-use and recycle all materials wherever and whenever practicable
- provide relevant, high quality information and training for our employees and encourage them to apply good practice at all times
- undertake to consult with our employees on all matters affecting their health and safety
- liaise with suppliers and customers to facilitate best practice and promote recycling
- to review and discuss policy related issues at Senior Management level on an ongoing basis and revise as necessary within an agreed timeframe.

Robust management principles and practices will be applied to meet these commitments in order to ensure the Group achieves demanding performance objectives which will constantly be under public scrutiny.

The aforementioned objectives will be agreed and set annually and wherever practicable, will be quantitative and our progress towards meeting them will be closely monitored.

Arrangements to appraise our objectives and performance reviews can be made by writing to the Management Systems Manager, who will also welcome any observations on the quality, environmental, social accountability or health and safety aspects of our activities.
